Audience Questions and Answers

QUESTION: Does supplemental curriculum fall under the instructional materials category?

ANSWER: Yes.

QUESTION: What training do teachers undergo with adoption of new instructional materials?

ANSWER: This is a local district decision. Some publishers provide training related to the use of their materials.

QUESTION: Regarding physical education (PE), do you mean to say that schools are not required to adopt PE instructional material at all, or do you mean that schools still must adopt PE instructional materials but these are not required to meet 100% of the Texas Essential Knowledge and Skills?

ANSWER: Districts are not required to adopt PE instructional materials.

QUESTION: Are schools required to adopt student textbooks for health education?

ANSWER: Yes.
