I. Welcome and Introductions

II. Overview and Norms

- TEA is conducting webinars to share information directly with LEA special education leaders. TEA will use these webinars to review and discuss guidance, FAQs, and other materials that have been pushed into the field or are in development that relate to students with disabilities and special education.
- TEA will also use tools within the system including polling and multiple choice questioning to gather feedback on clarity of materials and opportunities to improve future iterations of content.
- TEA will not take live questions in these webinars, we will collect questions and use them to generate future guidance materials, FAQs and support documents.
